

ASBA (Applications Supported by Blocked Amount)

New Investor friendly way to apply for IPOs

Bank of Baroda is committed to continuously enhance its offerings with innovative services leveraging advanced technology to provide maximum banking convenience to its customers.

As a “**Self Certified Syndicate Bank**” (SCSB) by SEBI, an additional mode for applying in **IPO / FPO / Right Issues** have been made available by our Bank in the form of Application Supported by Blocked Amount (ASBA) to ‘All category of Investors other than QIBs’ who are the customers of our Bank.

What is ASBA:

- ❖ ASBA means “Application Supported by Blocked Amount”, enables investors to apply for IPOs / FPOs and rights issues without making a payment. Instead, the amount is blocked in investors’ own account and only an amount proportionate to the shares allotted goes out when allotment is finalized.
- ❖ It is a supplementary process of applying in initial public offers (IPO), right issues and follow on public offers (FPO) made through book building route and co-exists with the current process of using cheque as a mode of payment and submitting applications.
- ❖ Bank is providing this value added service free of costs for issues with book building at BSE.

Eligibility of Investors:-

From 01st January, 2010

- ❖ All category of investors other than QIBs are eligible to apply for public/rights issues using ASBA facility with certain terms and conditions
→
 1. An application can have up to three bid options & it can be revised also. The lien will be marked on the highest value of the three bids.
 2. Bids at cut-off price allowed only if total application Amt is less than or equal to Rs. 1,00,000 for investor category of Individual, Employee, Share holders,
 3. One account can be blocked for maximum five applications in an IPO.
 4. Revision and cancellation of bids for retail individual investors are permitted till the issue closure date and time. However for investors other than Retail, the revision is not permitted on the last day beyond 4 P.M.

- ❖ Such investors are referred as “**ASBA investors**”, at the time of submitting ASBA application **the investors should take utmost care to provide the correct-**

- ✓ PAN
- ✓ DP ID
- ✓ Client ID
- ✓ Bid Quantity
- ✓ 14 digits bank Account number

Benefits of ASBA to Investors:

- ❖ The investor need not pay the application money by cheque rather block his/her bank account to the extent of the application money, thus continue to earn interest on application money.
 - ❖ The investor does not have to bother about refunds, as in ASBA only an amount proportionate to the securities allotted is taken from the bank account when his/her application is selected for allotment after the basis of allotment is finalized.
 - ❖ The application form is simpler.
 - ❖ The investor deals with the known intermediary i.e. his/her own bank.
-
- ASBA process operates in accordance with the SEBI's guidelines in force from time to time.
 - [Bank's 70 branches located at the strategic centres are currently identified in the first phase to accept the ASBA Applications.](#)
 - Some more branches are being identified and shall be operational soon in the second phase and later to be extended to all CBS branches.

Disclaimer:

Bank does not own any responsibility for error attributable to failure of Technology, Computer Systems and consequences there of to the customer. Bank's liability as a consequence of human error attributable to Bank's employees is limited to an amount equivalent to interest at rates applicable to savings Bank accounts on the blocked amount. Bank is not liable for any thing more with respect to the transaction other than that as expressly stated above.

BANK OF BARODA

IMPLEMENTATION OF ASBA PHASE- II
