Global markets are eyeing deepening tensions between Russia and Ukraine as Ukraine has announced a 30-day state of emergency in the country. The sanctions imposed so far are not expected to disrupt oil supply for now, keeping Brent steady. DXY was up by 0.2% on safe-haven demand.

- Global indices ended mixed as investors monitor growing crisis between Russia and Ukraine. Amongst other indices, S&P (1.8%) dropped the most. Sensex (0.1%) too ended in red led by subdued global cues and was dragged down by losses in auto and oil and gas stocks.
