Macro developments

- As per news reports, under government's Atmanirbhar package, banks have sanctioned Rs 629bn to over 7mn Kisan Credit Card (KCC) holders as on Jun'20. This is part of the Rs 2tn concessional credit through KCC. Government has already disbursed Rs 246bn to cooperative banks, RRBs and MFIs under special liquidity facility by NABARD of Rs 300bn.
- Japan's services PMI surged to 45 in Jun'20 from 26.5 in May'20 indicating deceleration at a slower pace. Activity picked up as state of emergency has been lifted. However, output continues to remain below capacity and domestic demand remains muted. New business orders also remain in contraction owing to weak global demand. Future business outlook expects conditions to remain constrained.
- US jobless claims dropped for the 13th straight week to 1.43mn for the week ending 27 Jun 2020 from 1.48mn for the prior week. Non-farm payroll improved better than expected with over 4.8mn jobs added in Jun'20. Unemployment rate dropped to 11.1%. However, concerns over possible recovery in labor market arose, amidst rollback of reopening plans in some states due to resurgence in COVID-19 cases.
