### Macro developments

- GST Council in its meeting decided to keep a uniform tax rate on lottery at 28% and standardise rates on woven and non-woven bags (18%). Concerns were raised regarding delays in compensation cess paid to states. Recently Centre has released Rs 353bn as compensation to states for Aug-Sep'19 period. Dip in revenues of states has also led them to demand 1% (of GDP) relaxation in their fiscal deficit targets to 4%.
- RBI reported that currency in circulation (CIC) increased by Rs 97.8bn and stood at Rs 22.8tn for the week ending 13 Dec 2019. Reserve money rose by 9.7% on a YoY basis, compared with 17.7% a year ago. On a FYTD basis, reserve money increased by 4.2% as against 8.7% last year.
- BoJ has voted to keep its policy rate unchanged (0% and -0.1%) and also continue with its asset purchase program. However, BoJ admits external risks to domestic growth as significant. It will also watch the impact of fiscal policy easing on growth and inflation before it decides to act on monetary policy. Recently the government announced fiscal stimulus in its budget for FY starting Apr'20, thus expecting to boost growth to 1.4% next year.
